HAIR REMOVAL

SugarLove Cold Sugaring Paste + Wax

Skin Types: All

This amazing paste is a two-fer or two-in-one it can be heated to 98 degrees as a low temp strip sugar or used cold as a sugaring paste. We have an extensive training system for hair removal lovers. Sugar Love Cold Sugaring, was created by an Esthetician Jessa Roberts for Estheticians.

Directions: Cleanse the skin with the anti-oxidant blemish toner, powder with powder love, apply the sugar in the opposite direction of hair growth mold 1-2 times, flick off parallel to the skin while pulling the skin tight, apply pressure after each strip. As strip wax apply prep the same way. Apply very thin layer to the area, this product will always perform no matter how long it sits, you can spread an entire leg or two before removing if you desire. Wipe the skin down with cucumber or anti-oxidant toner & apply the coconut + oxygen balm after the service, for faces apply fully ozonated olive oil.

Ingredients: *saccharum (pure cane sugar), *melinis minutiflora (molasses) *citrus limon (lemon) juice, purified water (*=organic Professional Use Only)

BeeLove Hard Wax

Skin Types: All

Created by an Esthetician for Professionals, all natural no plastics, no dyes, no fragrance, stays flexible for up to 24hrs! Dries fast sometimes in just seconds, Beeswax based formula.

Directions: Cleanse the skin with the anti-oxidant blemish toner, powder with powder love or oil with Oil Love, apply the wax in the same direction of hair growth allow it to dry, flick up lip pull off quickly while pulling the skin tight, apply pressure after each strip. Wipe the skin down with toner and apply the coconut + oxygen balm after the service.

Ingredients: cera alba (pure bee's wax), microcrystalline wax, pinus rigida (pine) rosin, glycerol (glycerin), natural preservative

PowderLove Sugaring Powder

Skin Types: All

Containing the perfect blend of potato, arrowroot and tapioca. All natural no corn starch, no aluminum, no fragrance, no talc! Is the perfect thing to apply before hair removal to create a nice dry surface and barrier for our sugaring paste, strip sugar and hard wax.

Directions: Cleanse the skin with the anti-oxidant blemish toner, sprinkle on powder love dust off excess leaving very light layer, add more as needed with sugar wax or paste. You can also put a small amount your sanitary maintenance surface, use a 4x4 as a powder puff or applicator. If your client is sweating apply powder with a 4x4 wicking up sweat.

Ingredients: potato starch, arrowroot starch, tapioca starch

10% Oxygen + Sunflower Elixir

Skin Type: All

Medically-active, professional strength ingredients of Ozone (O₃), Organic Sunflower Seed Oil. Use as an oxygen serum, treatment & moisturizer. Use on the whole body ingrown hairs, brightening, moisture & a fresh glow. Can be used right after hair removal, peels & more. Pure oxygen is infused into organic "linoleic" sunflower oil, slow releasing oxygen up to 12 hours. Helps deliver active ingredients into the skin!

Directions: Use 1-2 times a day on clean skin, apply head to toe! Can be used on the face as a serum or oil cleanser (to oil cleanse massage onto face for 1 minute, add water to finger tips massage 1 minute, wipe with a warm/hot skin chamois or clean hand towel. If eyes feel sensitive/itchy discontinue use around the eyes. May be applied directly after hair removal. Store in a cool dark cabinet or refrigerator to extend shelf life. Tape for travel, cold weather can cause consistency changes.

Ingredients: *helianthus annuus (sunflower) seed oil, pure ozone (O₃) (*=organic)

Coconut + Oxygen Balm

Skin Types: All

Medically-active, professional strength ingredients of Organic Coconut Oil, & Fully Ozonated Olive Oil, helps to reduce ingrowns, blemishes, and clogging. This was designed for large body parts and the bikini/brazilian area. Not recommended for faces prone to breaking out or oils.

Directions: Use as a salve directly after waxing or sugaring, at home apply to dry freshly showered skin, use once daily for at least two weeks after your service for best results in problem areas. In temperatures of 80 degrees or more this product will liquefy, put in the fridge to solidify or use in the liquid form, this will not ruin the product to go between liquid and solid state it is the nature of the organic coconut oil and ozonated oil.

Ingredients: *cocos nucifera (coconut) oil, *olea europaea (extra virgin olive oil), pure ozone (O₃) (*=organic)

10% Oxygen + Sunflower Elixir (see Hair Removal)

Face Masks

Hungarian Miracle Mud Mask

Skin Types: All

An ultra-soothing treatment for face & body. Helps detoxify skin, reduce excess oil, blemishes & irritation. This thermal mud is high in Calcium, Magnesium, Sulfides, Humic + Fulvic Acids which clear up problem areas. Used by Hévíz Medicinal Spa Hospital established in the 19th century, the most important medicinal spa in Hungary. The Mud is harvested from Hévíz Lake which has been known since Roman times, it is the largest thermal mineral spring lake in the world. Visited by tens of thousands of patients every year. Hungarian Miracle Mud is used in packs for pain management, injury rehabilitation and treatment of chronic rheumatic diseases.

Directions: Apply after hair removal, after removing hair and wiping the skin down with toner, apply a thin layer of mud for 5-10mins. For oily or blemish skin, after extractions apply to the extraction sites 5-10mins. At home use 2 times per week. Apply 5 days a week if problem areas flare up, spot treat. After the mud sits or if it begins to dry it stops working, remove with a warm towel or 4x4s soaked in distilled water.

Ingredients: *hungarian mud (*=organic)

Mineral Defense Serum

Skin Types: Oily, Blemish, Sensitive

Medically-active, professional strength ingredients of Arnica, Zinc, Titanium, & Hyaluronic Acid. The perfect daily defense, a must have in any skincare regime!

Directions: Use a 1/8th pearl-size on fingertips, spray toner on face and finger tips then begin blending, if desired you may also add 2 drops of oil before you begin. Massage over face, neck, chest & eyes, the product will soak in, then disappear even on dark skin tones. If the product dries too fast and you see streaks or it looks too "white", spray more toner to re-wet the area then continue blending. If you start with too much product it will not blend in, a little bit goes a very long way! For the best results use daily in the morning, apply this product last but before makeup.

Ingredients: *arnica extract, aqua (pH-balanced distilled water), xanthan gum, sodium hyaluronate (hyaluronic acid), z-block™ (zinc oxide), titanium dioxide, *radish ferment filtrate(leucidal liquid) (*=organic)
